# WELCOME

## WHAT IS THE CENTRE FOR ACADEMIC SUCCESS?

The Centre for Academic Success is here to help you develop your study skills and achieve your goals. Whether you are entering university for the first time or taking the next step on your academic journey, we can help you bridge the gap between where you are and where you need to be.

## HOW CAN WE BENEFIT YOU?

You can maximise your potential and develop confidence through a range of courses, workshops and one-to-one tutorials. All our staff are highly qualified, with years of experience, and offer friendly, professional advice and support. As well as the sessions listed in this catalogue we also provide one-to-one support, a range of online courses and a wealth of knowledge in articles.

# TABLE OF
# CONTENTS

Our General Programme is organised into a number of themed weeks to correspond with the skills you may need at various points during the term. Workshops will be bookable from the start of the semester. Browse the list of workshop themes below to identify sessions that may be useful to you.

# ONE-TO-ONE
# SUPPORT

You can book a one-to-one appointment once per week for tailored advice on specific aspects of your academic work. You will get the most from your appointment if you have questions in mind that you would like specific feedback on.

PLEASE NOTE: To book these appointments, you will be required to sign in using your University email and password.

# BESPOKE
# REQUESTS

As a Swansea University student, you have the opportunity to request bespoke, group sessions from the Centre for Academic Success. These sessions can be tailored to focus on specific study skills that might be relevant to particular modules or assignments that you are working on.

These sessions can be delivered when requested by a minimum of 6 students. You will need to give details of the skill or assignment you would like to focus on, and the timeframe in which you would like the session. We may liaise with your subject lecturer to obtain more insight into module content and/or assignment criteria. We will also ask you to ensure that all students to whom the session might be relevant have been informed, and have the opportunity to attend. Sessions can be delivered face-to-face or online. If face-to-face, we will organise a room that meets requirements.

The following list shows the types of sessions we can offer. Please note, if the skills or assignment type you require is not present below, you may still request the session, and we will do the best we can to accommodate your needs.

- **Academic writing**
- **Dissertation writing**
- **Independent working**
- **Academic integrity**
- **Reflective writing**

- **Critical Thinking**
- **Presentation Skills**
- **Microsoft Skills**
- **Teamwork**
- **Maths and Statistics**

# THE
# ACADEMIC SKILLS LAB

The Academic Skills Lab, your one-stop destination for mastering the art of academic success. Take a look at our articles packed with tips, tricks, and techniques to ace your studies.

## Academic writing

The majority of university assignments still require you to write – and with good reason. Writing is not just how we demonstrate our understanding of a topic – in many cases it is how we learn. The ability to start with a blank page and order your ideas into something that is coherent, engaging and insightful is one of the most important skills to develop at university.

## Presentation

Presentation skills are vital at university as they foster effective communication, critical for academic success and future careers. Mastering these skills enhances the ability to convey complex ideas clearly and persuasively, engaging audiences and facilitating better understanding. It builds confidence, encouraging active participation and collaboration.

## Digital skills

Digital skills are crucial for all students as they enhance learning efficiency, enable access to online resources, facilitate communication and collaboration, and improve future job prospects in a tech-driven world.
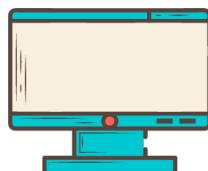

## Dissertation

Dissertation skills foster critical thinking, in depth research abilities, and effective communication. The articles here will help you to prepare for academic success.

## Study skills

Study skills are crucial at university because they enable effective learning, time management, and stress reduction. Mastering these skills helps students retain information, prepare for exams, and complete assignments efficiently. Good study habits foster independence and critical thinking, essential for academic success and future careers.
